WORK EXPERIENCE

FRONT-END DEVELOPER

- Developed responsive and user-friendly websites using **HTML**, **CSS**, **bootstrap**, and **Tailwind CSS**.
- Built clean UI layouts, navigation menus, forms, and reusable components for consistency and usability.
- Used **Bootstrap** for quick layout structure and **Tailwind CSS** for utility first, custom styling.
- Collaborated with a team to develop and improve frontend features.
- Gained hands-on experience working with real-world projects, version control, and collaborative workflows

PERSONAL DEVELOPMENT

Front-end Development projects

Foodie Website:

- Designed a responsive food delivery landing page using **HTML** and **CSS**, featuring sections for menu and contact.

School Website:

- Created a basic educational website layout with structured content using **HTML** and **CSS**.

Ticket Booking UI:

- Developed a simple and clean ticket booking interface with form elements using **HTML** and **CSS**.
